**La biodiversité**

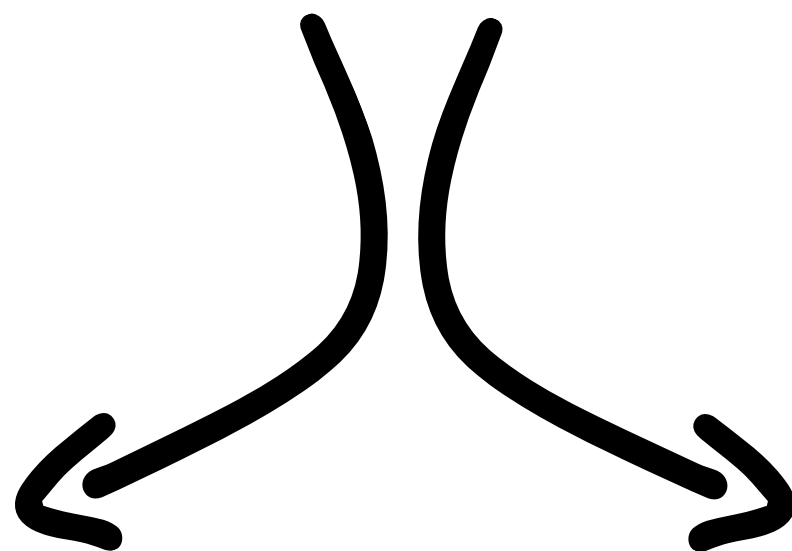

Find the articles of the other tribes and discover their universe

# How to interact and make the platform come alive

2 Ways

**Send us content  
by email (photo,  
video, description  
of an  
animation...)**

**React to blog  
posts by posting  
a comment**

# Send content by email

**Why ?** So that the Spindrift For Schools team can transcribe your actions on the theme of Biodiversity in the form of articles and publish them in the  **Blog / News**

**How?** By sending us by mail an image, a video with a small descriptive text

## What topics?

An outing to study marine or terrestrial biodiversity

A work on an animal or plant species

An event on nature

A student-led biodiversity action

# React to blog posts

**Step 1 :** Go to  **Blog/News** in the section **The biodiversity**

**Step 2 :** Click on the title of the article or on "read more"

Title
